

2021 VNN-COMP Award

Verification of Neural Networks Competition Top Highest Score Award

Verification of Neural Networks Competition Category Winner for

Verivital, eran, cifar10_resnet, nn4sys, marabou-cifar10

Co-located with the 33rd International Conference on Computer-Aided Verification (CAV'21)

Alpha-Beta-CROWN

Huan Zhang^{*1}, Kaidi Xu^{*2}, Shiqi Wang^{*3}, Zhouxing Shi⁴, Yihan Wang⁴, Xue Lin², Suman Jana³, Cho-Jui Hsieh⁴, Zico Kolter¹

¹Carnegie Mellon University, ²Northeastern University, ³Columbia University, ⁴University of California, Los Angeles

The 2nd International Verification of Neural Networks Competition (VNN-COMP'21) is a formal methods and verification competition for neural networks, held in conjunction with the 4th Workshop on Formal Methods for ML-Enabled Autonomous Systems (FoMLAS'21) and affiliated with the 33rd International Conference on Computer-Aided Verification (CAV'21), which is dedicated to the advancement of the theory and practice of computer-aided formal analysis methods for hardware and software systems.

Awards for VNN-COMP'21 were graciously supported by a gift from the Lu Jin Family Foundation.
